

Wellness Committee

June 10, 2008

The surveys in regards to what they would like to see in the vending machine from the staff and students were received. Barb has them in her office.

Judy McCord reported that the order for the Vending machine was faxed in on Monday, June 9. It will be delivered on June 24th. Lee Hoesel, Molly Anderson and Judy McCord will be there when it is delivered. Molly Anderson will use the Student Government money to purchase food for the Vending machine. Mrs. McCord reported that the school had to prove to the State that the vending machine was put out for bid.

Barb Weingart reported that the 21-day menu was submitted to the State for their approval. The breakfast menu was returned for more grain items to be placed on it. This has been resubmitted to the State.

Welch's is promoting a "pack week" through September. WACS will try to get Welch's 100% juice.

One of our Goals for next school year will be to reexamine the Wellness policy. The Rochester School District's Policy has been recommended as a model and we should look at this policy. Another goal for next school year will be to educate the staff on the Wellness policy. The committee will be presenting the Wellness Policy to the staff during the opening day for 2008-09 school year. A suggestion is to have Dr. Berke come in to speak to the staff.

The Committee will meet July 24th at Barb Weingart's house at 2:00 pm to discuss the presentation on the Wellness Policy for opening day. The committee will meet in September on Tuesday, the 9th.
